ESCROW ACCOUNT REVIEW

ESCROW EXPLAINED

This escrow statement is being sent for **informational purposes only**. It should not be construed as an attempt to collect a debt or to modify the terms of your Chapter 13 plan. Note that your Chapter 13 bankruptcy plan may provide for the Trustee to pay escrow amounts outstanding on your loan as of the date you filed your bankruptcy case or may otherwise provide for the Trustee to pay amounts due to escrow.

Part of your monthly loan payment goes into an account to pay for your property taxes and insurance premiums. During the year, payments are made out of this account when tax and insurance bills come due. This notice describes any changes needed in your monthly payment to maintain enough money in your escrow account to pay these bills. In our step-by-step analysis, we determine the data shown below to calculate your new escrow payment.

If this is your first escrow statement after filing your Chapter 13 bankruptcy, this escrow account review was performed as of the date you filed for bankruptcy and your new monthly escrow payment has been calculated according to applicable bankruptcy law. The amount shown in the Summary section below is the updated and correct amount due for the month shown. If you previously received a monthly coupon for the same due date, the payment amount below is intended to replace the coupon you previously received, as the coupon was prepared and sent before we had notice of your Chapter 13 bankruptcy filing.

If this is an annual escrow statement provided during your Chapter 13 bankruptcy, we've prepared this escrow statement to track your escrow obligations during the period when you're making payments under the terms of your Chapter 13 plan.

If you have filed a Chapter 13 plan that provides for maintaining your home, our step-by-step analysis is based on the assumption that you will be making your Chapter 13 plan payments, including plan payments to pay amounts due from the period before your bankruptcy filing or otherwise due under your Chapter 13 plan. If you're unable to complete your plan payments and your case is dismissed, converted to a Chapter 7, or the automatic stay is lifted, then your monthly escrow payment will need to be recalculated to account for the cure amounts still due from the period before your bankruptcy filing or otherwise due under your Chapter 13 plan.

See below for:

- an in-depth explanation of each step of your escrow analysis
- side-by-side comparison of last year's projected and actual data

SUMMARY

Base amount needed (<i>see Step 1</i>)	The expected monthly amount needed to pay your property taxes and insurance premiums	\$171.42
Shortage payment (<i>see Step 2</i>)	The monthly amount you must pay into your escrow account to keep the balance from falling below zero during the year	\$0.00
Reserve requirement (<i>see Step 3</i>)	The monthly amount allowed by federal law for unexpected tax and insurance increases and other costs	\$1.36
New monthly escrow payment (<i>see Step 4</i>)		\$172.78
New total payment effective 02/2016 (<i>see Step 4</i>)		\$568.65

In future escrow analyses, Bank of America, N.A. reserves the right to assess the amount allowed by federal law for unexpected tax and insurance increases and other costs.

HOW WE CALCULATE YOUR ESCROW PAYMENT

STEP 1 Determine base amount needed for the year

<i>Escrow items</i>	<i>Amount needed</i>	<i>Frequency in months</i>	<i>Monthly amount needed</i>
Homeowners insurance	\$1,489.00	12	\$124.08
County taxes	568.02	12	47.34
Total monthly base payment amount			\$171.42

STEP 2 Determine lowest projected balance

In the chart below, we project the amounts you will pay into your escrow account next year and the amounts we will pay out for your insurance and tax bills. Remember, these figures are only projections and may not reflect the actual payments made at the time they are due.

<i>Month</i>	<i>Escrow deposit(s)</i>	<i>Tax payment(s)</i>	<i>Insurance payment(s)</i>	<i>MIP/PMI payment(s)</i>	<i>Balance</i>
Post Petition Beginning Balance					\$655.73
February 2016	171.42				827.15
March 2016	171.42				998.57
April 2016	171.42				1,169.99
May 2016	171.42				1,341.41

<i>Month</i>	<i>Escrow deposit(s)</i>	<i>Tax payment(s)</i>	<i>Insurance payment(s)</i>	<i>MIP/PMI payment(s)</i>	<i>Balance</i>
July 2016	171.42				1,684.25

November 2016	171.42		1,489.00		312.91 *
December 2016	171.42				484.33
January 2017	171.42				655.75
Post Petition Ending Balance					\$655.75

Lowest projected balance **\$312.91****Shortage payment amount** **\$0.00**

The Post-Petition Beginning and Ending balances above are projected balances, which assume that all payments due under your Chapter 13 bankruptcy plan will be made, including your regularly scheduled mortgage payments due after the bankruptcy filing and all plan payments to cure amounts due from the period before your bankruptcy filing or otherwise due under your Chapter 13 plan.

At the time of analysis, Bank of America, N.A. assumes that all scheduled mortgage payments will be made to the effective date of your new payment.

* Using the Post-Petition balances, your Lowest Projected Balance (LPB) reflects a positive balance (a balance greater than zero). In the next step, we will compare this amount to your escrow reserve requirement to determine if there is an overage.

STEP 3 Determine reserve requirement

Federal law allows for the collection of a reserve amount to maintain a cushion for unexpected tax and/or insurance increases and other costs.

The reserve used for this period is shown below.

Lowest Projected Balance (<i>see Step 2 above</i>)	\$312.91
Total reserve requirement (16.6% of the base amount) *	\$341.47
Additional amounts required	28.56
Monthly reserve requirement (28.56 divided by 21)	\$1.36

Potential overage **\$0.00**

* Base amount equals the total of payments anticipated to be paid out of the escrow account during the year but excludes Private Mortgage Insurance (PMI) or Mortgage Insurance Premium (MIP) amounts.

**STEP 4 Determine monthly payments
Calculation of monthly escrow payment**

Base amount needed for taxes and/or insurance (<i>see Step 1</i>)	\$171.42

Summary of escrow change

As shown, your base escrow amount increased. Your reserve percentage remained unchanged. Your reserve payment increased. The result of these factors caused your total escrow payment to increase.

A side-by-side comparison of last year's projected escrow account activity and actual activity for last year can be found below.

Last year's escrow payments

If you have recently filed a Chapter 13 bankruptcy, then we have provided below a side-by-side comparison of your prior projected escrow account activity to the actual account activity.

If this is an annual escrow statement provided during your Chapter 13 bankruptcy, then the projected escrow account activity below was performed in accordance with the terms of your Chapter 13 plan. At the same time, we also maintained a separate accounting that reflected your escrow account activity as indicated under the terms of your loan documents outside of bankruptcy (shown below under the heading "Actual"). The Actual escrow activity includes both the receipt of your regular monthly mortgage payments to escrow and any cure payments made under the terms of your Chapter 13 plan for escrow amounts due from the period before your bankruptcy filing or otherwise due under your Chapter 13 plan. Below is the side-by-side comparison of the plan projected activity to the actual activity for last year. Upon the completion of your Chapter 13 plan, if all payments due under the Chapter 13 plan are received and taxes and insurance were paid in the amounts anticipated, then the projected and actual ending balances should match. If you are unable to complete your Chapter 13 plan payments and your case is dismissed, converted to a Chapter 7 or the automatic stay is lifted, then the actual accounting shown below will be used in performing your next escrow analysis.
